Class X: CBSE (A.I.S.S.E)	St. Xavier's World School, Meerut	2022	91.6%

EXPERIENCE

Co-Founder | Product Management Intern

MaVionix – Hybrid (Ghaziabad)

July 2025 – Present

- Co-founded **MaVionix** and contributed to **0→1 product development** across digital solutions, AI SaaS, and robotics domains, supporting early-stage product strategy and execution
- Worked on key product initiatives including an **AI SaaS platform for SMEs**, **ARAK-1 (quadruped robot for pipeline inspection and crack detection)**, and a **drone-based delivery system for remote logistics**
- Conducted **market research and problem analysis**, assisting in defining MVP scope, user requirements, & product roadmaps
- Collaborated with **cross-functional teams** to support product development, feature prioritization, and iteration cycles
- Designed **user flows, wireframes, and product documentation**, improving development efficiency and reducing TAT

SELECTED PROJECTS

Drone-Based Medical Supply System (Defense Use Case)

Product Lead | Jan 2025

- Designed a drone solution for **medical delivery in remote/army zones**
- Defined use cases, workflows, and system architecture for autonomous logistics

Noikix – Rental Business Web App

Product Lead | Dec 2024

- Built a rental SaaS platform enabling **small businesses to digitize operations**
- Defined MVP, roadmap, and managed a 3-member dev team

SRM Campus Delivery System

Product Lead | Sept 2024

- Developed a **real-time campus delivery solution** during a hackathon
- Created personas, workflows, and MVP scope

SKILLS

- Product Management & Strategy:** Product Thinking, User Research, Market Analysis, MVP Development, Product Roadmapping, Feature Prioritization, A/B Testing, Agile & Scrum Methodology
- Data & Decision Making:** Data Analysis, KPI Tracking, Funnel Analysis, Google Analytics, Excel, Pandas, NumPy
- Design & User Experience:** Wireframing, Prototyping, User Testing, UX Research, Figma, Miro, Canva
- Technical & Development:** Python, Java, C++, SQL, HTML, CSS, Bootstrap, Firebase
- Tools & Collaboration:** Jira, Trello, Notion, Git, GitHub, VS Code, Google Workspace, Slack, Colab, Replit

ACHIEVEMENTS

- Winner** – Thrust Tech Expo, IIT Hyderabad
- Winner** – Innovathon 1.0, University of Jammu
- Appreciation Prize** – Anveshana, New Delhi
- Hackathon Finalist (Multiple) – **Built AI & web-based logistics solutions**
- YouTube Creator** – 2.1K+ subscribers
- Guinness World Record Holder** – Longest Painting by Numbers

CERTIFICATIONS

- BS in Data Science & Applications (Foundation Level Completed)** – IIT Madras
- Product Management Certification** – Great Learning

EXTRA-CURRICULAR ACTIVITIES

Debate & Public Speaking | Chess Enthusiast | Tech Community Volunteer | Blogger (Blogspot)
